# WHOLESALE CATALOGUE.

## FOR AUTUMN OF 1874.

We herewith present our Semi-Annual *Wholesale Catalogue* or *Trade List* for the Autumn of 1874. We have an unusually large and fine stock, and invite those interested to call and examine for themselves. All orders will receive prompt and careful attention

We usually commence digging and packing from the 1st to the 10th of October in the Fall, and about the 1st of April in the Spring.

Persons ordering Trees of us should be particular to write their orders in full, stating distinctly what form they desire the Trees, whether Standard or Dwarf, and also give full directions by what route they wish them shipped, and the name of the person to whose care they wish them consigned, *and to send their orders early.* If the whole or part of it is left to us, we will use our best judgment how to forward them, but in *no case* will be responsible for any loss or detention that may occur after shipment, unless we are at fault.

If any mistake should be found to have occurred, when plants reach their destination, our customers will much oblige by notifying us of it immediately, and we will at once make such amends as in our power, so that full satisfaction may be given.

*Digging and Packing.*—All our Trees and Plants are taken up with the utmost care (so that the roots may be injured as little as possible in digging), and packed in firm and secure boxes, with moistened moss, by competent men, who have had many years experience in packing, so that all plants may reach their destination in perfect order. In packing, the cost of boxes and materials used will be charged, except to agents and dealers, to which will be added the cost of labor in assorting and filling the orders; but we deliver packages at the railroad stations and express offices free of charge.

The articles in the following list will be furnished at the prices annexed *only* when the quantities specified, or more, are taken. On smaller quantities a discount of one-third from Retail Catalogue prices will be made to the trade. The same discount will be made on any article we may have for sale not published in this List.

**Terms, &c.—Terms of payment must invariably be Cash, or satisfactory note, payable at some Bank for amount of invoice** A remittance is expected to accompany orders from unknown correspondents, by draft or check on bank, payable to our order (or satisfactory references given), and may be made, where banks are not convenient, by Express or Post Office order, and in either case at our risk.

☞ It is with pleasure we inform our patrons that the trains on the N. Y. Central Railroad stop at Brighton, within forty rods of our office, leaving the Rochester depot as follows: 5 a. m., 7:30 a. m., 10:10 a. m., 10:25 a. m., 3:00 p. m., 5:50 p. m., 8:10 p. m.; returning leave the Brighton depot 12:47 a. m., 9:40 a. m., 11:08 a. m., 5:02 p. m., 7:35 p. m., 8:45 p. m. Running time, 10 minutes. The East Avenue Omnibus also leaves the city from the corner of West Main and State streets every *half hour*; leaving passengers within 15 minutes walk of our office.
